Be Secured with BeeSecure

Catalogue

Smart Home Integrated Solutions

About Us

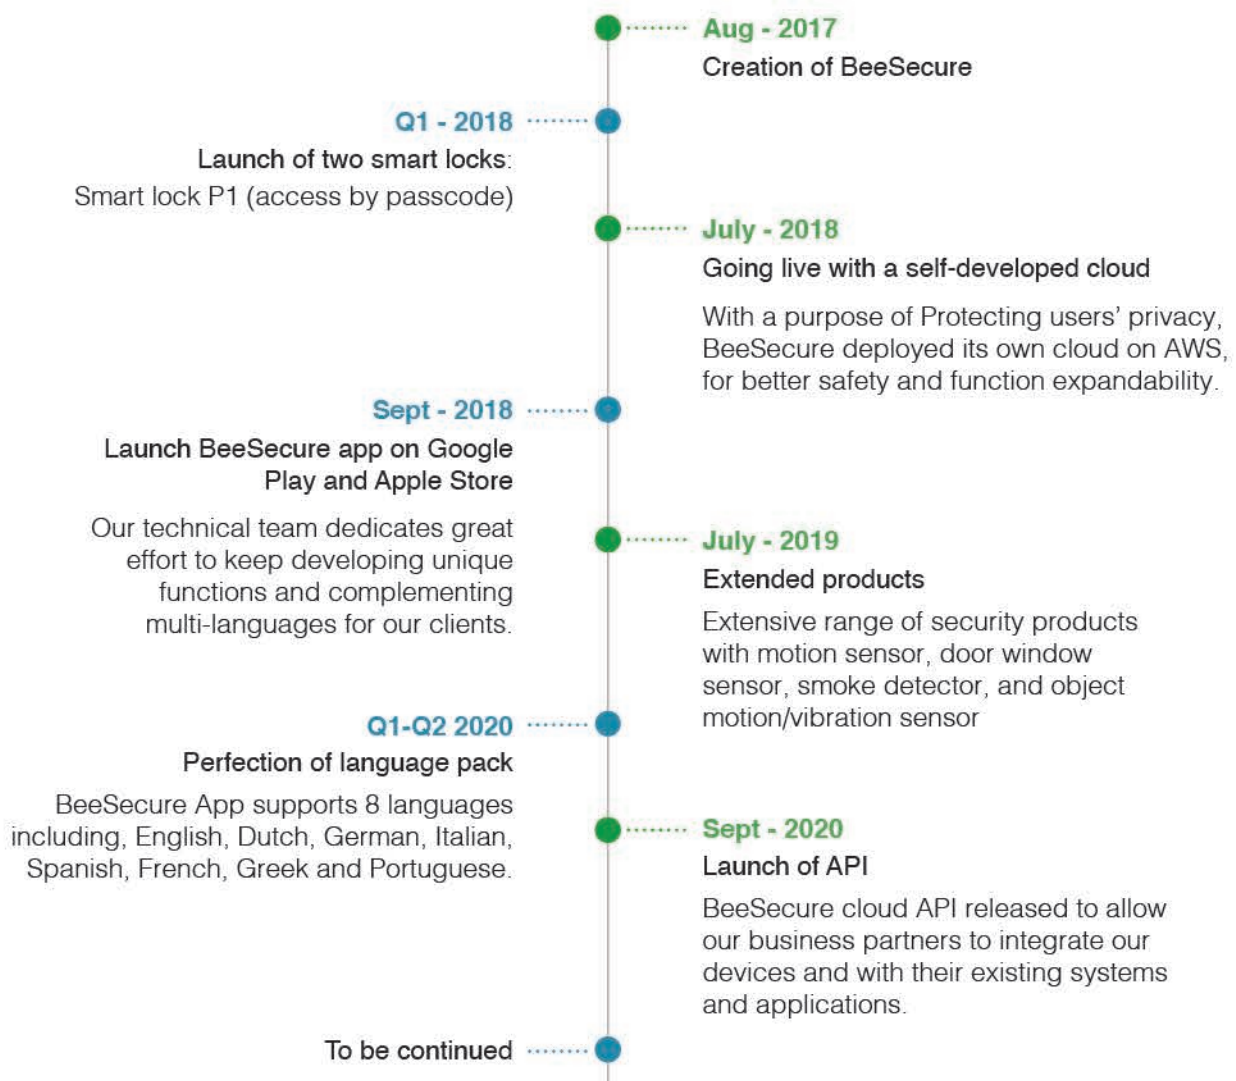

It was with the discomfort and security-risks of physical keys in mind, that BeeSecure introduced the electronic smart lock P1 to the market in 2018. Although still a young company BeeSecure is established in many European countries today.

Founded in 2017 in The Netherlands BeeSecure is an innovative Dutch company providing smart locks and smart sensors to secure remotely a house, company, or vacation home. The products are connected through the cloud to the BeeSecure app for smartphones. This enables full control on assessing and security of the premises at any time from anywhere.

The products are of high quality and meet European standards. The lock P1 is Dutch SKG** rated. The data on the AWS server is fully secured and in full compliance with the European GDPR regulations.

Being an innovative company, BeeSecure will continue to launch new products, which are very user-friendly, secure, and comfortably connected to your smartphone.

Be Comfortable - Be Safe - Be Connected

ONE App integrated all the devices

Integrated Solution

Add your BeeSecure devices into a group and customise the group task to control all devices by one click

Remote Control

Indicate in the app your absence from home, and the sensors are switched on automatically. BeeSecure does the rest

Instant Notification

You will be notified on your phone when the alarm is triggered so you can take immediate action

Share Your Devices

Share the BeeSecure devices with your partner, colleagues or friends to co-manage with them

Data Security

All BeeSecure products are certified and the data is secured with an improved encryption algorithm

Multilingual Support

English French Dutch German Italian Spanish Greek Portuguese

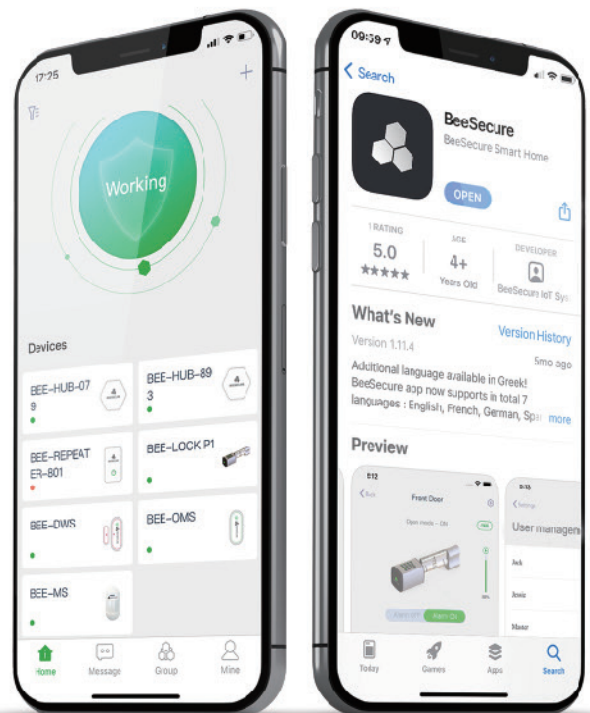

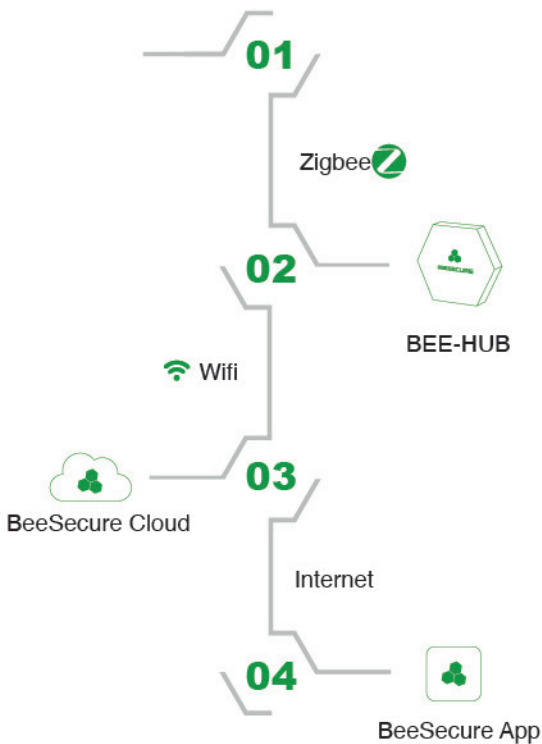

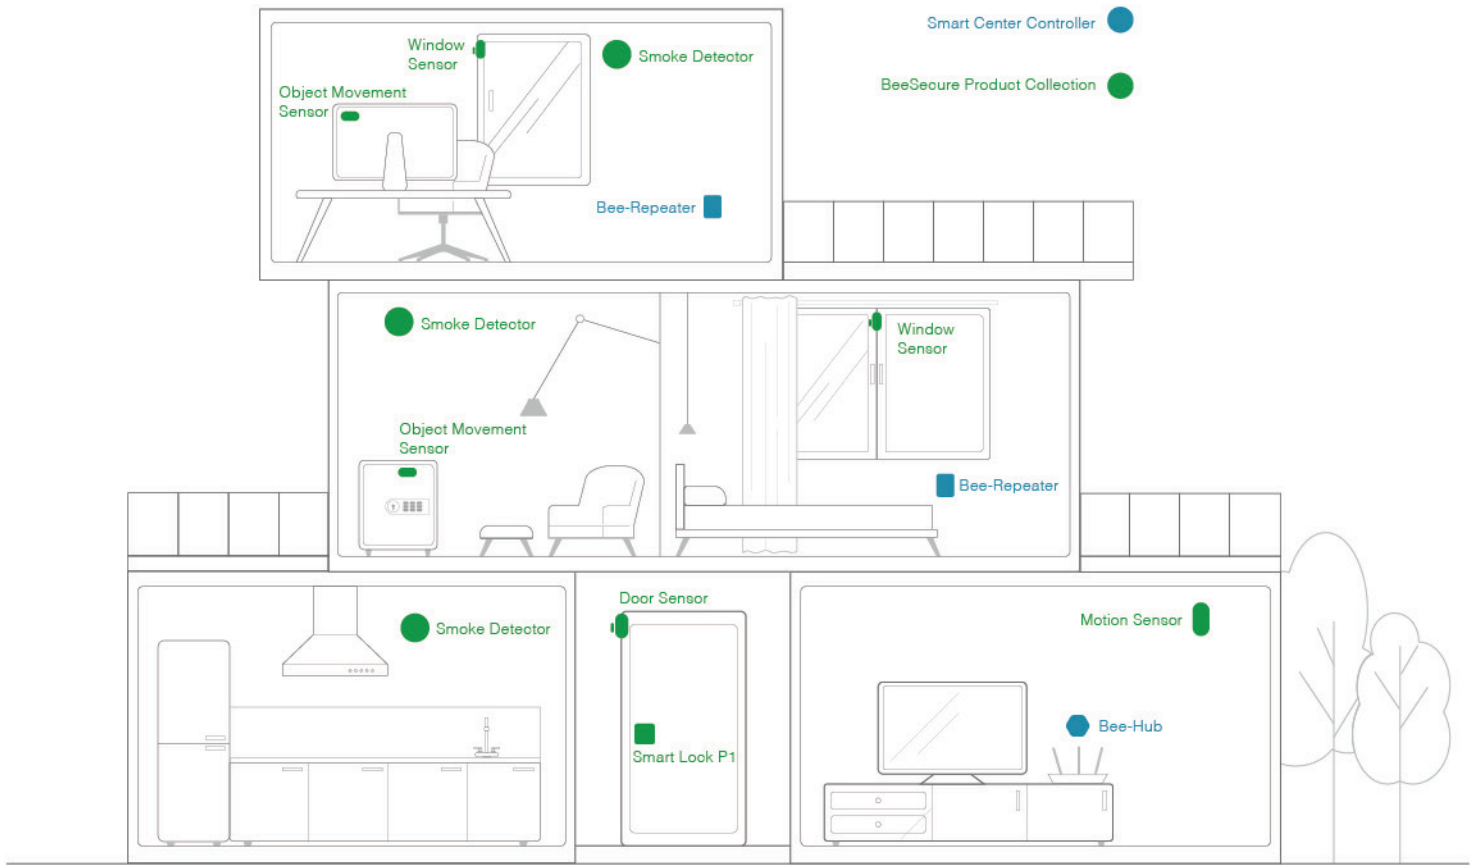

With BeeSecure App You have everything under control

From the moment you open your door to all the valuable objects inside the building, your properties are secured with BeeSecure's Integrated Solution.

With one App, you will know exactly what is happening in your house, office or Airbnb apartment.

BeeSecure Smart Home Center

BEE-CONNECTION

BEE-Hub

Smart Home Center Device

Features

- Receive commands from App and control devices
- Synchronize device status to BeeSecure App
- Support up to 16 devices
- Lightweight and compact
- Easy to connect
- Wi-Fi/ Zigbee

Specifications

- Power input: DC12V 0.5A
- Power adapter input: AC220V/50HZ
- Average power: <0.6 W
- Working temperature: -10 °C~50 °C
- Humidity: 10 % ~ 90 %, no condensation
- Material: ABS/PC
- Measurements: 76 * 69 * 18 mm

Smart Home

The true experience of controlling your BeeSecure devices in a smart way through the BeeSecure app

Data Security

The communication between the devices and the BEE-HUB is encrypted at the highest level

Instant Notification

Stay informed about what is happening in your home and get peace of mind without being around

BEE-CONNECTION

BEE-Repeater

Features

- Extend communication range to 20 meters
- Support up to 32 devices together with BEE-HUB
- Lightweight and compact
- Ideal for multi-floor/spacious building
- Easy to connect
- Zigbee

Specifications

- Battery: AC220V / 50HZ
- Average power: <0.3 W
- Working temperature: -10 °C~50 °C
- Humidity: 10 % ~ 90 %, no condensation
- Material: ABS/PC
- Measurements: 74 * 50 * 66 mm

Simple Plug-In

Easy to use by plugging into the socket directly.
No power cord needed

Double Connection

Doubles the number of connectable devices (from 16 to 32) and boost the ZigBee signal from the BEE-Hub base station

Multi-Storey Houses

Use a BEE-Repeater on each floor of the house to achieve the most stable connection

BEE-SMART LOCK

BEE-Lock P1

For all EU standards
Multi-point cylinder locks
Doors with thickness between 60-100 mm

- Black Stone
- Glacier Silver

Designed for all Scenarios

Private Home

Office

Rental Property

Specifications

Max. number of users: 200

Passcode length: 6-10 digits

Ideal for door thickness from 60-120 mm

Easy to replace the existing cylinder

Extendable cylinder length: internal 30 - 60 mm, external 30 - 60 mm

Operation temperature: -25 °C to 55 °C

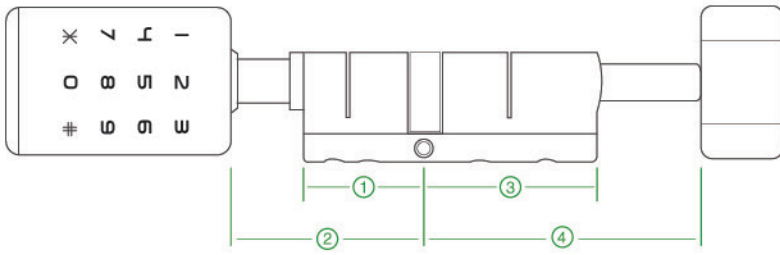

IP64 weather resistant

Cycle tested to 120,000 operations

Drill tested to 5 minutes

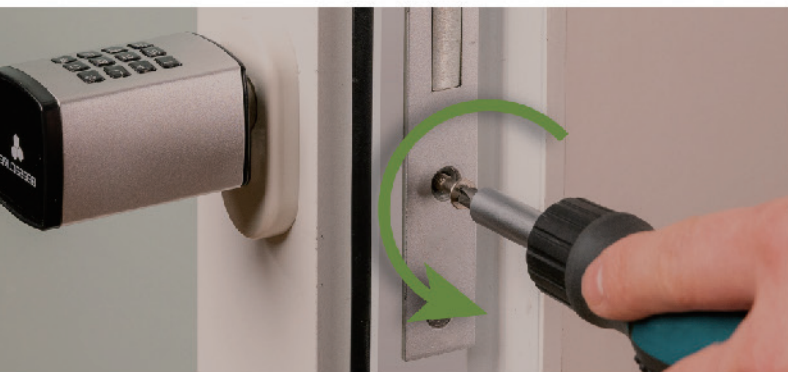

Unlocks up to 5000 times with one set of 4 x AAA batteries

- ① Internal Length
- ② External Length
- ③ Adjustable Range Internal Length
- ④ Adjustable Range External Length

Internal Length (mm)	Adjustable Range Internal Length (mm)	External Length (mm)	Adjustable Range External Length (mm)
35	30-45	35	30-45
35	30-45	50	45-60
35	30-45	35	30-45
35	30-45	50	45-60

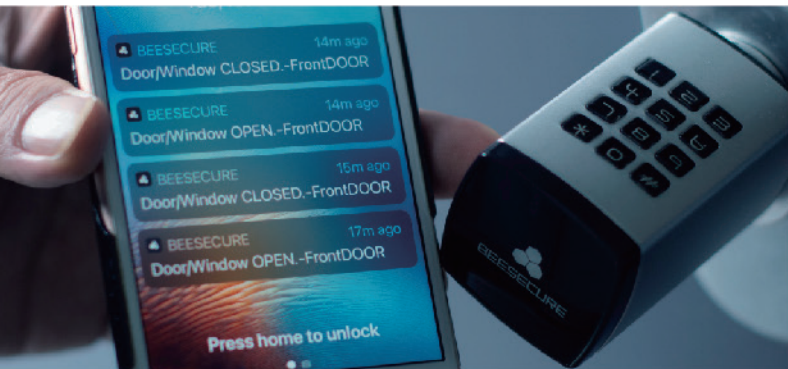

DIY Friendly

The Lock is easy to assemble by yourself. The entire installation process is done in four steps and within five minutes

User Management

Add up to 200 Users
Create different user levels
Up to 5 codes for each User

Instant Notification

Status recording on BeeSecure App and immediate notification

Self Check-In

Share a code to check-in without downloading any app

BEE-DETECT

Door/Window Sensor - BEE-DWS

Features

- Detect opening/closing of door and window
- Only works in combination with Bee Hub
- Lightweight and compact, easy to mount
- Monitor windows and doors by APP
- Live audit trail
- Full remote control
- Zigbee

Specifications

- Battery: 3V Button battery (CR2032)
- Open alarm trigger distance: 25 mm \pm 5 mm
- Close alarm trigger distance: 20 mm \pm 5 mm
- Temperature: -10 $^{\circ}$ C~50 $^{\circ}$ C
- Humidity: 10 % ~ 90 %, no condensation
- Material: ABS/PC
- Measurement: sensor unit 59 * 29 * 15 mm
- Magnet: 33 * 13 * 13 mm

Fit for All Scenarios

Completely wireless and suitable for many places

Easy to Use

Light weight and compact, just simply stick on the door/window

Instant Notification

Whenever the window/door opens or closes, the sensor will automatically send you a notification

BEE-DETECT

Object Movement Sensor - BEE-OMS

Features

- Detect movement and vibration of objects
- 3 Levels of Sensitivity
- Only works in combination with BEE-Hub
- Easy to mount on any valuable object
- Detect damage/movement
- Live audit trail
- Full remote control
- Zigbee

Specifications

- Battery: 3V button battery (CR2032)
- Alarm acceleration rate: $\geq 40\text{mg}$
- Working temperature: $-10\text{ }^{\circ}\text{C} \sim 50\text{ }^{\circ}\text{C}$
- Humidity: 10 % ~ 90 %, no condensation
- Material: ABS/PC
- Measurement: sensor 59 * 29 * 15 mm

Protect Properties

OMS detects breaking glass and any unusual movement of your properties

Adjustable Sensitivity Levels

3 Sensitivity levels. (low-medium-high) to adjust the sensitivity to prevent false alarms

Instant Notification

Instant notification on your smartphone when vibrations or movements are detected. Low battery warning

BEE-DETECT

Motion Sensor - BEE-MS

Features

- Pet friendly level: $\leq 25\text{kg}$
- Tamper alarm
- Alarming: LED flash + mobile notification
- Low battery warning
- Unlimited history events
- BEE-Hub is required
- Full remote control
- ZigBee

Specifications

- DC 3V (1 x CR123a), included
- Detection distance: 12 m (at 2 m height)
- Detection angle: 90° ($-45^\circ \sim +45^\circ$)
- Suggested mounting height: 2 m

Tampering Alarm

Tampering alarm triggered if someone intentionally tries to pull the motion sensor off the wall

Pet Friendly

The sensor ignores pets up to 25 kg to prevent false alarms

Instant Notification

Instant notifications sent to your smart phone when motion, forced disassembly or low battery is detected

BEE-DETECT

Smoke Detector - BEE-SD

Features

- Self-Check from the App
- Instant alarm notifications
- Low battery warning
- Unlimited history events
- BEE-Hub is required
- Full remote control
- ZigBee

Specifications

- Built-in siren
- Detector battery: DC 3V, 10 years battery life
- ZigBee base battery: DV 6V (2x CR14505)
- Detection range: 60 m2.

EN14604:2005 Certified

Certified according
EN14604:2005 & CE standard

Complete Wireless

Completely wireless and DIY
friendly installation

Built-in Siren

Loud pulsing alarm >85dB

Mute Remotely

Mute the siren by the BeeSe-
cure app

10-year Battery Life

Built-in battery lasts for 10 years.
No battery changing is necessary

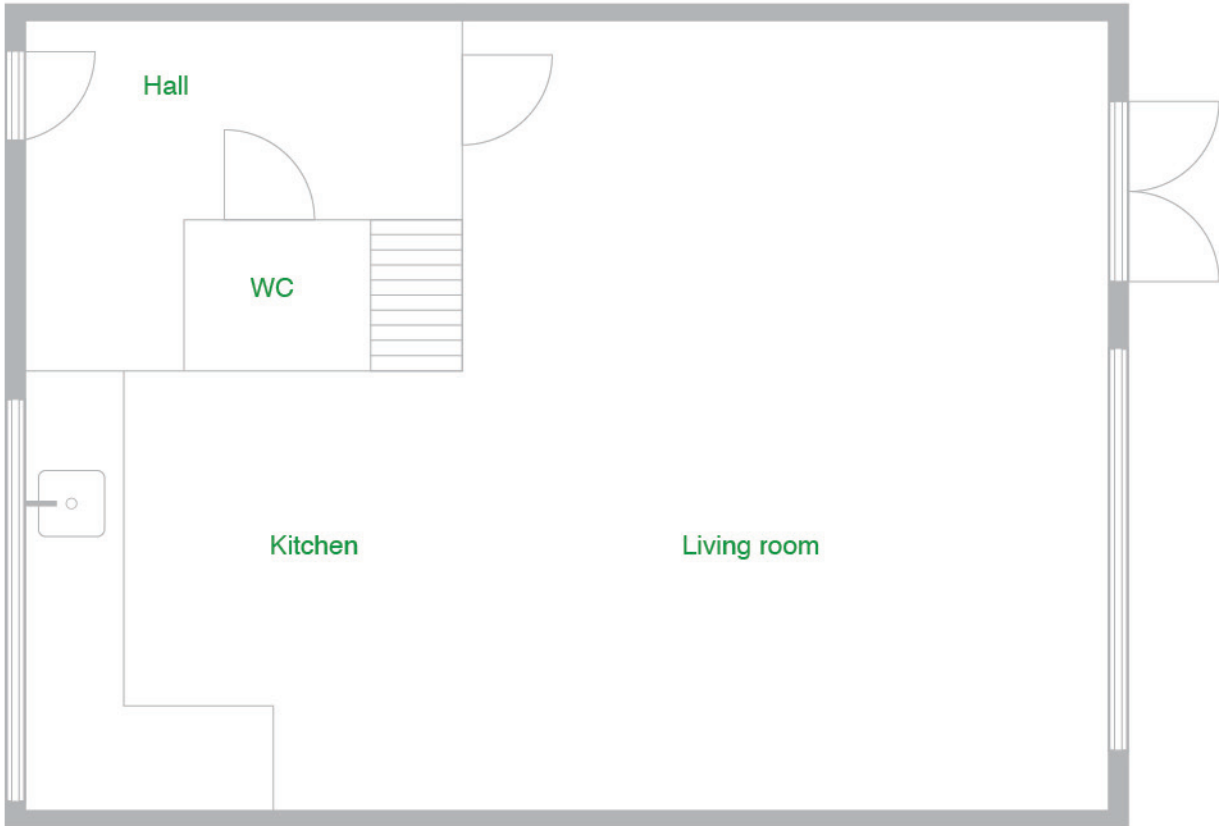

Instant Notification

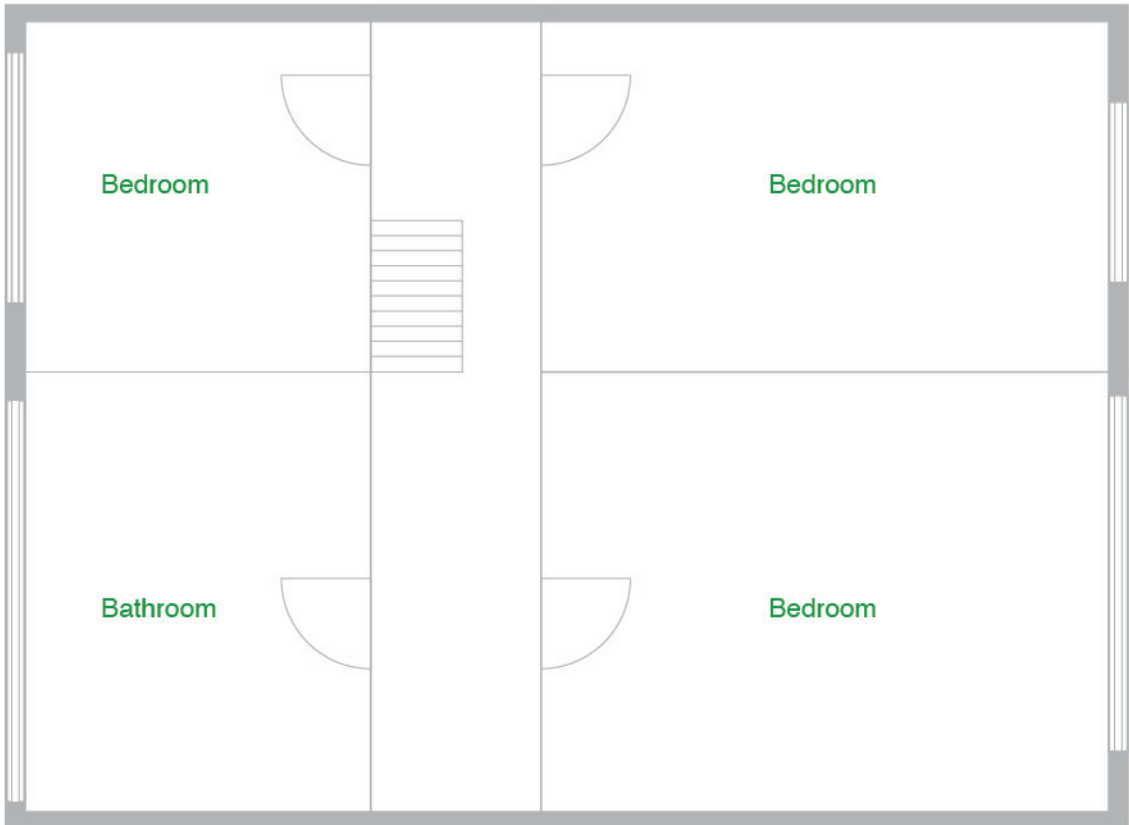

Smoke detecting and immediate
alarm message on your phone
